

Czech-Saxon Funding Info Day on Mobility & Transport

Contact Data (copied as it was written in the event-chat), 25.04.2023

- Czech partnering tool <https://www.tacr.cz/en/partnering-tool-2/> (Saxony will be still added on the list of the partnering tool later this afternoon)
- ICUK can help to find partners on Czech side (Usti region), please feel free to contact me: achs@icuk.cz
- Please, if somebody is searching for Saxon partners in terms of railway projects, you can contact me: rico.siegmund@rail-s.de
→ definitely heiduru1@fd.cvut.cz or heidu@unicontrols.cz
- If you think about safety projects (accident based scenario derivation, pre-crash matrices, bicycle safety, road safety, AD/ADAS) VUFO could be a potential partner (with available GIDAS data): thomas.unger@vufo.de
- On behalf of the Czech Technical University in Prague my institut of transportation is also looking for cooperation. My contact heiduru1@fd.cvut.cz
- projekty@fd.cvut.cz covers all institutes for Faculty of Transportation Sciences
- If you would like to carry out projects in rural areas in Lusatia, please feel free to contact me. We will then try to find more partners in the district of Görlitz. heike.schleussner@wirtschaft-goerlitz.de
- for SME czech company contact info@avrnd.cz
- If you looking for software support. My contact: benkovic@edhouse.cz
